Brief Abstract of Letter.

Submits a draft Proclamation proposing to constitute the town of Nanjan with its 6 suburb villages into a Municipality under the the Mysore Municipal Regn VII of 1906

NOTES AND ORDERS

1 The area proposed to be constituted into a Municipality seems to be too large. It includes even the large tank of Nanjan within the Municipal limits.

6. The description of the boundary line in the draft proclamation does not, in some places agree with that shown on the map as explained below

(1) The boundary line is said to take a northerly direction at the S W corner of S No 127 whereas from the map it is seen that there is no northerly turn as S No 127 but taken in S No,

(2) The boundary is said to turn to the west at the N W corner of S No 130 which is not (as the map does not show) The S No of the land to the north of S No 130 is not shown marked on the map

(3) The line is said to meet the boundary line of Kandya a village about the middle point of S No 336 near the cart track to Panakanhalli through the line followed is Evidently that of the Kandya (Panakanahally) village as shown on the map and not the boundary to

4) From the draft proclamation it is seen that S No 455 extends on both sides of the Shivalli road whereas the map shows that it is only on one side of it viz to the south, the S No to the north of it being 456 being on the other side of the

It is submitted that in cases where the Munpl boundary happens to be identical with the village boundary it seems sufficient if the boundary line of the contiguous villages is shown on the map and described in the proclamation It is also more convenient as the revenue survey maps serve the purpose and are permanently preserved

10. It is also submitted that under G.O No 5221-30/Mil 257-06-1917 12-06 only such mofussil towns as have a population of 5000 and over and are also in the opinion of Dy Commrs sufficiently important to be brought under the new Regulation, are eligible to be constituted into Munpltis under the Regn. The population of Maudya is only 4496 The Dy Commrs may therefore be asked to state whether there are any special reasons for bringing Maudya under the new Regn and if not why it should not continue to be a non-Regn Munpty as heretofore The limit of popula--n for constituting a town into a Munpty is under Sec 7(b) (ii) of the Munpl Regulation

Sir,

I have the honour to submit herewith for approval of Government a draft proclamation proposing to Constitute the Mantrya Town including the marginally noted five suburb villages into a Municipality under the Mysore Municipal Regulation VII of 1906 The population in the proposed area is 37833;

1 Kalmakally
2 Chandaji Doddi
3 Chick Mantrya
4 Mantrya Doddi
5 Tayalpoor Doddi
and 6. Hemmanu

and though this is less than the amount
of 500 prescribed in Government order No.
5221-30
Ind 257-06-1 of the 17th December 1906, yet it
is more than that required in Section 7
of the Regulation. Considering the imbalance
of the three it has been proposed to
Constitute it as a minor falsification under
the Regulation as is done in the Case of

Sir,

With reference to your docket No 3298 dated 29th September 1908 — Jud 559-07-10 returning the draft proclamation in regard to the Constitution of the town of Mysore as a Municipality under the new Regulation with certain observations thereon I have the honour to remember the proclamation received with the above & to state that it is reported that the Mohallas to be included within the Municipal limits seem necessary

as the Octroi dutiable articles are taken in certain hamlets and then smuggled into town to avoid the payment of the duty. These hamlets are therefore brought within the municipal limits

2 The inclusion of one of such hamlets viz. Chandegaon Doddi which is beyond the tank necessitates the tank being included within the municipal limits

3 The distance from Manmad to each of the suburban villages has now been marked on the Survey numbers through which the municipal boundary line runs has also been shown on the map, which is herewith submitted for your due consideration

I have the honor to observe that the description of the boundary line as described in the draft proclamation does not agree with that shown on the map as shown below:

(1) The draft proclamation states that the boundary line leaves the north at the S.W. Corner of S. No 127 whereas the map shows

~~this mark a~~ ~~boundary~~ mark it does so at the corner of ~~which~~ ~~S. No 127 touches~~ S. No 128.

The boundary line is said to take westerly course at the N.W. corner of S. No 11. The mark does not show ~~the~~ mark the ~~S. No~~ S. No that the line takes the westerly course ~~the north of it the boundary of which~~ is not marked

be so good as to explain the discrepancies shown above and to submit a revised draft proclamation with a sketch at an early date.

It is presumed that the proposed Municipal boundary is identical with the Village boundary of the [illegible]. In such a case it is sufficient if the boundary line of the contiguous village is shown on the sketch and described in the proclamation.

~~It is also observed that the Notification of Municipality ought to be according to the provisions~~ under para 4 of G.O. No. 21-3A/Rev dt 27-06-1963 17-12-06 only such of the Mofussil towns as have a population of and over 15,000 are eligible for being constituted into Municipalities. The population of Mandya is only 14,96. the Dy. Com^r is requested to state whether there are any special reasons for constituting Mandya into a Municipality under the new Municipal Regn and if not, why it should not continue to be a non-Regulation Municipality heretofore.

It is observed that the area included within the boundaries almost comprises the whole of the Mandya village and suburbs but not precisely coterminous with the village boundaries as may probably include some Revenue survey numbers of agricultural land. The Dy Comr is requested to be so good as to state whether such is the case and if it is so, to revise the description as to include only the town of Mandya and suburbs intended to be included within the municipal area.
